Professional Summary

Graduate in Information Technology specializing in Software Engineering with hands-on experience in full-stack web and mobile development. Skilled in requirements management, API development using OpenAPI, secure software development practices, and AI/ML-assisted development tools. Experienced in building responsive applications, real-time digital systems, and user-centered platforms using modern frameworks and Agile methodologies. Passionate about open-source collaboration, solving real-world problems through technology, and continuously expanding technical expertise.

Core Skills

Software Engineering Principles
Requirements Management
OpenAPI & Code-First API Development
Secure Software Development
AI/ML Development Tools
Open-Source Software (OSS) Collaboration
Agile Development Mindset
UI/UX Design & Prototyping
IT Support & Technical Troubleshooting
Git & Version Control

Technical Skills

Programming Languages: C#, Java, JavaScript, TypeScript, Kotlin, Dart, PHP, HTML, CSS
Frameworks & Technologies: ASP.NET, MVC, Flutter, React, REST APIs, OpenAPI
Databases: MySQL, SQL Server, Firebase, Azure SQL
Tools & Platforms: Git, GitHub, Azure, Android Studio, Visual Studio, NetBeans, Figma, WordPress
Development Practices: Agile, MVP Development, Clean Code, Secure Coding

Professional Certifications

The Linux Foundation – Conversational AI: Ensuring Compliance and Mitigating Risks
The Linux Foundation – Software Engineering Basics for Embedded Systems
The Linux Foundation – OpenAPI Fundamentals
The Linux Foundation – Secure AI/ML-Driven Software Development
The Linux Foundation – A Beginner's Guide to Open-Source Software Development
FNB App Academy – Full Stack Development Certificate

Professional Experience

ICT Support Intern – IIE Rosebank College (Nov 2025 – Mar 2026)

- Provided technical support for staff and students across software, hardware, and network systems.
- Assisted with troubleshooting, user account management, and IT operations.

Full Stack Web Developer – The Tech Giants (Jun 2025 – Dec 2025)

- Developed responsive and scalable web applications tailored to client requirements.
- Implemented API integrations and improved front-end performance.
- Translated UI/UX prototypes into interactive web interfaces.

Web Developer & UI/UX Designer – Amandayi Consulting Software (Nov 2024 – Nov 2025)

- Designed and implemented user-centered web interfaces for a multi-center management platform.
- Collaborated with stakeholders to gather requirements and improve system workflows.
- Enhanced usability and accessibility through responsive design.

Projects

Software Developer– Techno Legends (October 2024 – August 2024)

- Developed and maintained mobile application features that supported student collaboration, group study activities, and peer interaction.
- Implemented core functionalities such as real-time messaging, video conferencing, and an in-app marketplace using development frameworks.

Software Developer – Krispy Box (July 2024 – November 2024)

- Developed a real-time web and mobile ordering platform featuring live order tracking, secure payments, and automated notifications.
- Performed end-to-end system analysis to define requirements, user flows, and feature specifications for the ordering process.

Web Developer & UI/UX Designer – IIE Rosebank College Hackathon (August 2024 – September 2024)

- Led a multidisciplinary team in designing a prototype addressing real-world challenges faced by women in the technology sector.
- Conducted user research, identified key pain points, and translated insights into clear user journeys, wireframes, and high-fidelity UI designs.
- 2nd place winner in the women in ICT Hackathon

Education

Advanced Diploma in Information Technology – Application Development

IIE Rosebank College | 2025

- Specializing in full-stack development, cloud computing, and modern mobile application development.
- Coursework includes systems analysis, enterprise databases, and advanced software engineering methodologies.

Diploma in Information Technology – Software Development

IIE Rosebank College | 2022 – 2024

- Class Representative for three consecutive years.
- Created wireframes and a high fidelity, interactive UI prototype. The project was awarded **2nd place** in the competition, demonstrating strong design thinking and team leadership.
- Completed coursework focused on system design, database management, and both front-end and back-end development.

Course Attended

Application Development Security (2025)
Cloud Development (2025)
Enterprise Application Development (2025)
Introduction to Research for ICT (2025)
Advanced Application Development (2025)
Cloud Development (2025)
Software Engineering (2025)
Work Integrated Learning (2025)
